

Sanitary Ventilation

J.A. Plast provides a wide range of solutions for efficient sanitary ventilation.

① Tall Vents

Classic vents with optimal outlet, suitable for natural ventilation as well as mechanical ventilation.

② Cowl Vents

Cowl vents are very discreet on the roof surface, while ventilating efficiently.

③ Integrated Vents

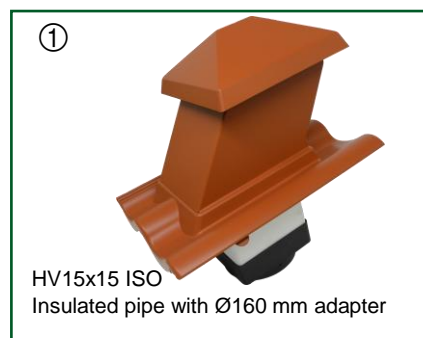

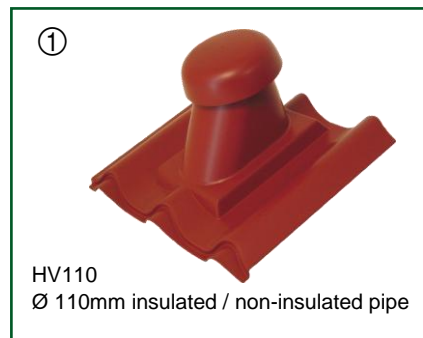

Almost invisible vents particularly suitable for flat roofing profiles.

④ Stack Vents

Special vent for stack venting above roof.

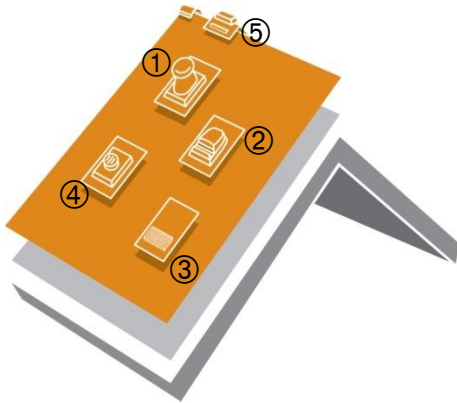

⑤ Ridge Vents

Ridge vents, for efficient ventilation through the ridge.

Roofing accessories supplied from J.A. Plast match roof profile, colour and surface 100%. The current product list and further information can be found on our homepage, www.japlast.com.
